Title of the Paper

Bob Smith

December 10, 2001

Abstract

This abstract is very abstract

1 Introduction

This is intro stuff.

Here's a list. There are three types of lists

description: This is a description list

enumerate: An enumerate list uses numbers

itemize: An itemized list has bullets

You can cite stuff like this[Doe, 1999].

Table 1: This is a table

Name	Test 1	Test 2	Final
Bob	93	92	70
Jane	95	87	96
Avg:	94	90	83

Table 1 is a grade sheet.

2 Meat of the paper

Here's the meat of the paper.

Figure 1 has a picture.

Here's the same picture but in another spot.

Here we use the macros

$$\sum_{i=0}^{N} X^i$$

$$X = \begin{cases} 5 & \text{if sky is blue} \\ 6 & \text{otherwise} \end{cases}$$

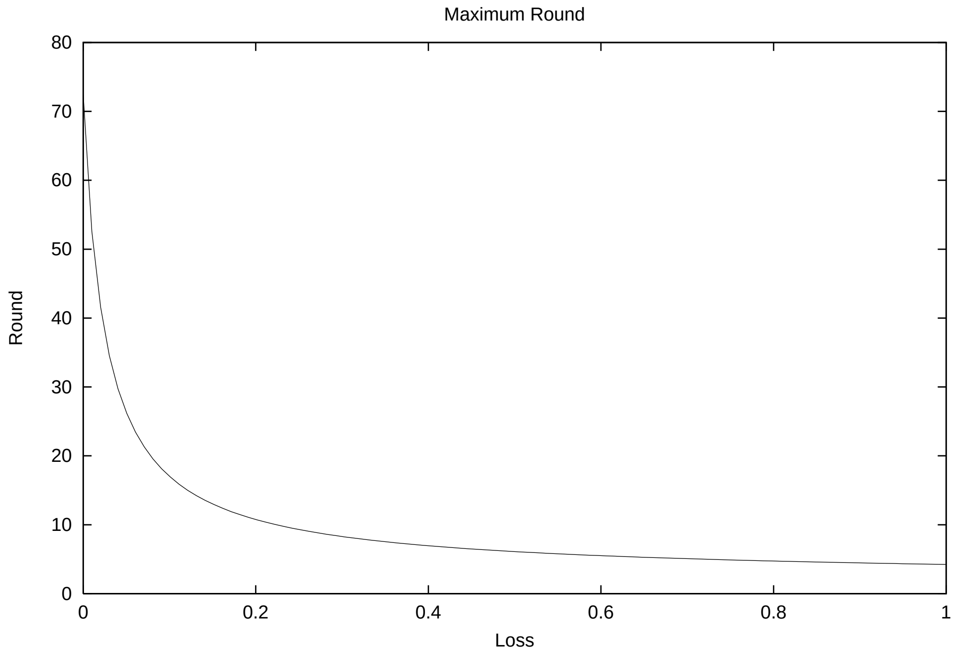

Figure 1: Picture of something that relates to Table 1

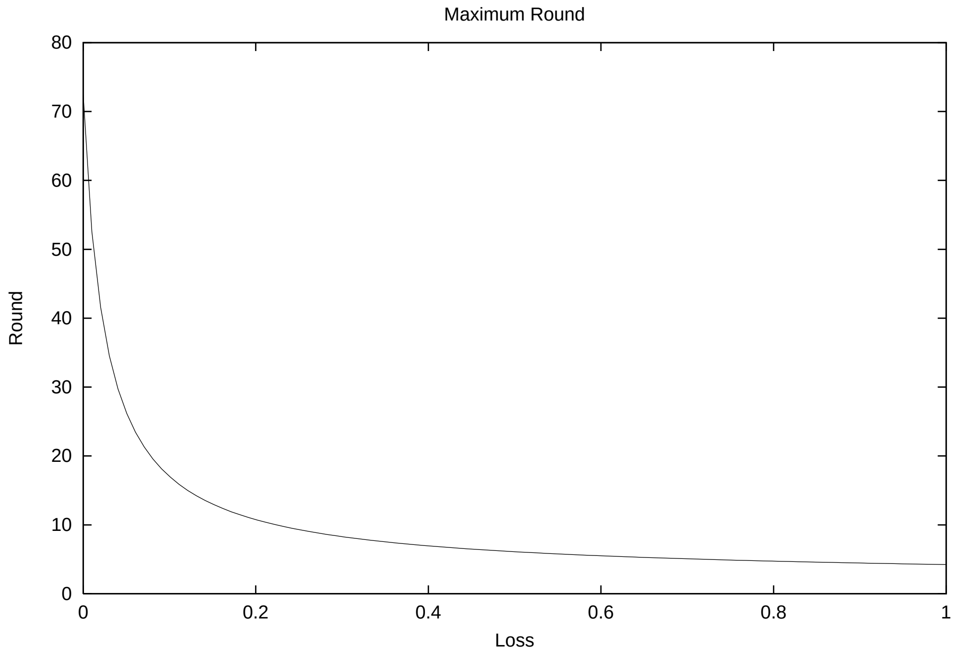

Figure 2: Repeat of Figure 1

3 Conclusions
